Dear Sirs

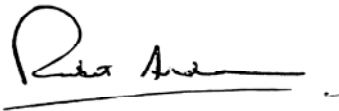

L20/50 ONSHORE BLOCK THAILAND

We note articles appearing this morning reporting the Thai government approval of a petroleum exploration concession to Carnarvon and Sun Resources NL.

As previously reported to the market, Carnarvon was the sole bidder with Sun Resources NL for the L20/50 concession onshore Thailand.

Carnarvon has not received notification of an award of a concession. As and when Carnarvon receives any notification from the Thai Department of Mineral Fuels in respect of the award of the L20/50 concession it will inform the market accordingly.

Yours faithfully
Carnarvon Petroleum Limited
